smartness in tubes

- **EASY PROTECTION**

Airtight, they preserve the formula from oxidation and pollution throughout their use.

Tubes are available in mono-layer or coextruded for an « à la carte » protection.

- **EASY TO DOSE**

- Right dosage
- Smooth actuation force
- Multiposition
- High restitution rate

- **EASY TO CARRY**

Light and compact, these ergonomic and nomad tubes are ideal for express retouches at any time.

- **EASY TO CUSTOMIZE**

Several combinations are possible: engraved cap, specific pump color, plastic or metal actuator.

- **EASY TO DECORATE**

Many options of decoration are available: silk-screening, hot stamping or offset.

- **EASY TO SUPPLY & FILL**

This pack is delivered in a single component: cap – pump – tube assembled.
